---

**Missed Appointments:**

Our goal is to provide quality care to all patients. When an appointment is scheduled, a block of time in the schedule is allotted to you to allow adequate time to address concerns and provide treatment.

**We reserve the right to charge a \$50 for all missed appointments.**

If the missed appointment is prepaid, it will go toward one of the treatments.

This charge will be enforced if we do not receive at least 24 hours notice for all appointments.

If the appointment is on Monday, our office should be notified about the cancellation of appointment by Friday noon.

The policy of this office is not to give reminder calls.

I have read, understood, and agreed with this financial policy.
